HARBORLIGHT

Notes
from the
President
By Bob Speaks

The President Speaks!

Well, members, we had our first tour of the year and it was a great success. The new tour director, Mike Plessner, had a well laid out plan and everything went very smoothly.

We had 10 cars turn out for the tour including a 1914 Model "T" and a 1923 Cadillac. The 1923 Caddy had trouble early and had to leave the tour so we were down to 9 Model As. We all made it to the first rest stop and I think all were surprised to see the Model T still on the tour.

After an hour in the mountains on Mulholland Drive, we came to a nice park to have our picnic lunch. Some of the members went to the local watering hole to have a bite to eat.

Then it was time to get back on the road and head down the mountain to the next rest stop and have dessert. Some left the tour early while others stayed at the watering hole. Now we were down to 5 cars. After about 1½ hrs, the 5 meet for ice cream and to say good bye. They talked about the fun we had on the tour. Know what? That darn Model T was still in the group and doin' just fine, thank you! The T Club is welcome anytime on our tours.

We will have more tours planned like this one. If you missed this tour, plan to go on the next one. Driving our antique cars is what this is all about.

Update on the National Model A Ford Museum by Sue Hankins

MAFFI, Model A Ford Foundation, Inc., has been busy working on making the National Model A Ford Museum a reality. Since their beginning in the summer of 1988, their goal has been the preservation of memorabilia of the Model A Era. By November 2010 they had officially signed an agreement with the Gilmore Car Museum in Hickory Corners, Michigan to build a 12,000 square foot facility. Now they need help from everyone with donations and contributions. One of the ways you can contribute is by buying a raffle ticket to win a 1930 Model A Tudor, which will be given away at the San Diego MARC 2011 National Meet in June. Tickets are \$10 for 1; \$25 for 3; \$50 for 9 tickets. I'll have tickets available at the business meeting. For those who would like to contribute a larger donation, you can send a check made out to MAFFI, Model A Museum Fund, P.O. Box 95151, Nonantum, MA 02495.

They are now giving a hat/lapel pin as a thank you for donations of \$100 or more. I'll have one at the meeting to show and also donor brochures.

You can see the pin and get more information at the MAFFI website: www.maffi.org.

Editor's Corner by Dick Wyckoff

Many of the club members receive the HarborLight by **email**. I encourage you to do this. Just let me know your current email address. It's that simple. The club saves a little more than one dollar each month per email subscriber. I have an email distribution now of 40 people from the Harbor Club and 20 others. This is more than \$700 per year savings. **AND** it is in **color!** You can print it out in B&W or color if you want, enlarge it, send it to your friends, or save it in your computer files. Again, just let me know your email address. Thanks.

We editors are always looking for articles of interest to put in the newsletters. There must be some interesting Model A stories out there. For instance: How long have you had your car? Was it your first car? Have you driven it on some great journeys? Was it a family car? Did you restore it yourself? Do you have before and after pictures? If you have pictures, I can scan them and put them in the newsletter.

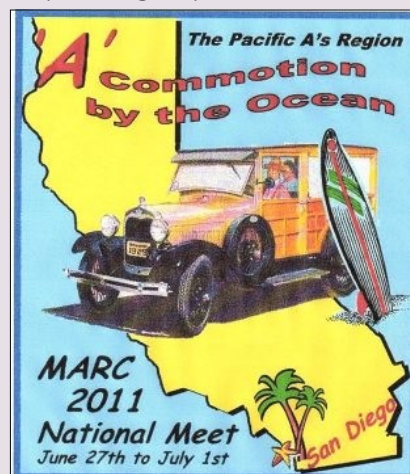

Also, if you have an item for sale, let me know. I will put it in the **'Wheels and Deals'** section. The newsletter is distributed to many other clubs locally and other parts of the country.

2011 MARC National Meet Update by Dick Wyckoff

As you may know, Dan Fitzgerald and I are on the planning committee of the **2011 MARC National Meet** this coming June 27th to July 1st in San Diego. The committee has been working hard to make the event a great success. Lots of great seminars, tours, sightseeing, and car judging to be had. ***A Commotion by the Ocean*** will be headquartered at the Town and Country Resort and Convention Center in Mission Valley. Many fine attractions are within short driving distance or local trolley ride. Such attractions as the Old Town Market, the USS Midway aircraft carrier, Seaport Village, the Gaslamp Quarter, Hotel Del Coronado, the famous San Diego Zoo, and Balboa Park.

There are something like 29 different committees being formed and sometime soon, I will be asking for help with these committees. Our president Bob Speaks, has agreed to head the swap meet group and Dick Lusk has agreed to head the parking. We are also looking for nice donations for the raffle. We have some 'headliner' raffle items already such as a complete H&H rebuilt stock engine and Dan Fitzgerald arranged a two night stay at a very nice Napa Valley resort hotel, the Meritage. The stay includes a case of Trinitas wine! You can buy H&H raffle tickets from me right now. The Meritage Resort tickets will be available with registration. The January-February issue of the *Model A News* has the latest registration information and list of events. Check it out and register now!

So, you can see, Dan and I have a lot on our plate and are looking forward to seeing as many of our Harbor friends in San Diego this summer. You can make hotel reservations now by calling the Town and Country Resort at 1-800-772-8527. Tell them you are with the Model A Meet and get the Meet room rate. The website is: www.2011MARCmeet.com. See you there!

Technical Talk with Charlie Plessner

THE FORD MODEL A TIMING GEAR

You are driving home from a tour on the 91 Freeway late in the afternoon when suddenly your Model A just shuts down like you turned off the key. You safely get to the emergency lane and you immediately start thinking. WHAT HAPPENED??? If you read the title you may already know.

1. What is the timing gear? The timing gear is a gear attached to the camshaft and is driven by a gear on the crankshaft.
2. What causes failure? The teeth on the timing gear are fibre <originally> and subject to breakage.
3. How do I know if it failed? Check to see if distributor rotor rotates while engine is cranking. If so, check ignition timing in specified fashion. If rotor points to number 1 your timing gear is likely not the problem.
4. Changing the timing gear.

Remove fan belt and generator, Raise the front of the engine slightly under oil pan and remove front motor mount. Remove timing cover and side cover. Remove timing gear nut with special wrench and carefully pry off gear from camshaft. Replace gear making sure to line up marks with crank gear. Torque nut to 90 ft. lbs. This should take 45 minutes to 2 hrs.

It is also recommended to remove oil pan to remove old gear debris, but I know of engines running tens of thousands of miles with more than 1 disintegrated timing gear in the oil pan and no damage to the engine occurring.

5. Replacements. Fiber, Laminated, or Aluminum. There have been reports of slight noise with Aluminum gears.

If you have any ideas for seminars, please let me know.
Charlie

Second Saturday of Each Month

The Cruisin' Fifties of South Bay sponsor a 'Cruise Night' on the **second Saturday of each month**. It is held in downtown Torrance on Post Ave. between Sartori and Cravens. The time is 3PM to 7PM. Lots of nice cars (including some Model As). There is a raffle, some food, and trophies each month. The next 'cruise' is March 12th. Check it out. Another fun event.

Saturday Morning Coffee Gathering:

If you are looking for a little tire-kicking adventure on **Saturday** mornings between 7 and 9AM, check out the Caffeine Cruisers at the corner of Artesia Blvd and Hawthorne, in Torrance, CA. Several of the Harbor Model A club members and other car enthusiasts of all car types meet to talk cars. There are some very nice autos and some nice people there, too!

The address is 17400 Hawthorne Blvd., Torrance CA. Come on by, have a cup of Starbucks, and get your weekend started in true So. California style.

Weekly Family Food Festivities:

Many of the Harbor members meet at the **Hot 'n Tot** restaurant each **Monday** at about 5PM for dinner. Drain Marshall likes to call it 'Spaghetti Night' because the Monday night dinner special is all you can eat spaghetti with a salad at \$6.25.

Join us for dinner. The Hot 'n Tot is located at 2347 Pacific Coast Highway in Lomita, CA. It's about a half mile east of Crenshaw Blvd., north side.

A Little Engine Work

A couple phone calls and a hot cup of coffee is all it takes to get a team of 'motor heads' together to pull an engine out of a Model A and install a new one. Dan Fitzgerald did just that a couple weeks ago. With a new engine sitting on the floor, it was time to put it in his 1929 Station Wagon. Dick Lusk, Jack Gordinier, Art Wagner, Stoney Stonehocker, Drain Marshall, Jack Goldberg and Dick Wyckoff answered Dan's call. Dan's wife, Liz, invited the ladies to join her for a social gathering while the engine work was going on. Joining the circle was Doris Marshall, Ursi Schmidt, Nita Stonehocker, Joan Gordinier and Daffy Wagner.

The engine came out pretty quickly and the new one was installed shortly thereafter. After a few wires and hoses were hooked up, the engine was fired up. It ran nice a smooth but there was a noise coming from the transmission/flywheel area. After probing around and trying to figure out what the noise was, the new engine was pulled out. Fortunately, the engine was just fine. The culprit was a flywheel bolt that was just a bit too long and was hitting the rear engine seal making a deep thud sound. Another set of bolts were used and the engine was reinstalled. It sure runs sweet. Liz served up a great lunch for the gang.

Anyway, the engine is reinstalled and Dan is completing the cleanup details of installation.

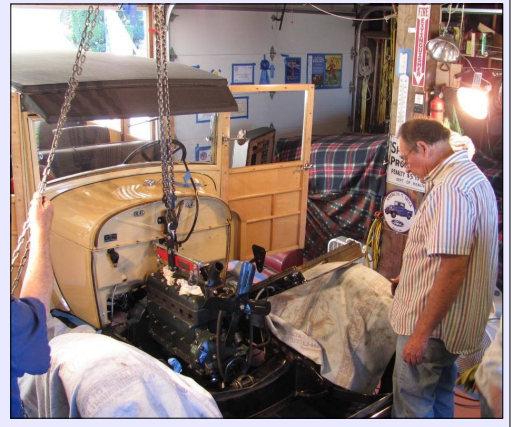

Just a note: New member Jack Goldberg also has a new engine to install in his AA truck. Sometime in the near future, maybe we could have a club technical seminar at Al Avoian's garage and install Jack's engine. Stay tuned for details.

Harbor 'deLights' or Happenings Around the Club

Dan Fitzgerald and **Dick Wyckoff** are hard at work on the National MARC Meet in San Diego next year. Dick has created the advertisements in the *Model A News* magazine. The Meet registration forms are in Jan-Feb issue. Be sure to check out all the Meet information and send in your registration. It is going to be a great affair!

Jan Wyckoff had a scare while on vacation in Hawaii. Shortly after arriving, she had severe stomach pains and ended up in the hospital for five days. Intestinal blockage was the problem. After four days it unblocked and she was released the next day. Fortunately, she was able to extend the trip for three days and she and Dick got to see some of the north shore of Oahu. Some vacation, huh? She is doing fine. A left knee replacement in March is next.....

Terrific Tours

By Mike Plessner

The Mulholland Drive tour Sunday Feb.13 was a really fun time enjoyed by all.

Motoring north on PCH, we stopped in Malibu at McDonalds for a light breakfast and then headed up Mulholland Hwy. We drove straight into the mountains, aggressively negotiating the tight twisty turns with 9 Model A's and 1 Model T, yes one 1914 Model T! The scenery was breathtaking, the weather was perfect, and no mechanical problems whatsoever. Stopping at Peter Strouse Park for a picnic followed by a dessert stop in Culver City (to discuss the events of the day) rounded out this super tour. We covered close to 120 miles this trip.

In attendance were Dick Wyckoff, Al and Georgette Avoian, Ellen and Bill Newell, Bob Speaks and Ann, Monty and Donnis Bates, Mirco and Elaine Pisu, Jeanne and Richard Parrish, Don and Carolyn Ratzlaff, Drain and Doris Marshall, Dick Lusk, Ursula Schmidt, and Mike and Charles Plessner. We welcomed guests Jeff Hood and Mathew Seir in the Model T, and Phyllis in her 1923 Cadillac. She unfortunately had to leave early.

March Tour: Orange County Pancake Breakfast: Sunday March 27, 2011.

Meet at **Mills Diner** at 190th and Western at 7 o'clock. We will leave 7:15. See you there.
