Monty's Message
A Note from our President
Monty Bates

An Active Year So Far.

First and foremost is a very special prayer for all the folks in Oklahoma...such incredible forces of nature. The folks in the know are predicting a nasty hurricane season this year, just to add to an already bad 2013. I forget how lucky we are to be in the South Bay.

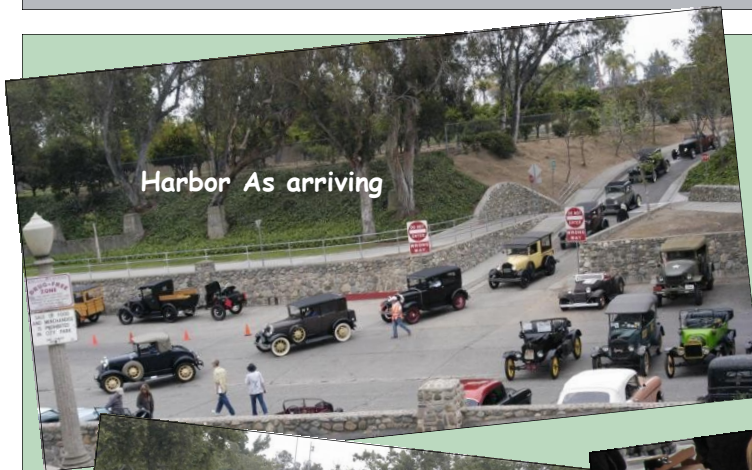

Elaine Pisu has continued to raise the bar on fabulous tours and special events. May has been great & the folks from NCRG aren't back yet. We have certainly enjoyed two fantastic events and tours. The Edelbrock engineering staff and management were super friendly, and made us part of their celebrations. The "behind the scene" factory tour was outstanding. We sure had a great time at the 2013 Muckenthaler Motor Car Festival in Fullerton. WOW...we did our best to represent Henry's cars surrounded by some very beautiful and expensive show cars. We had great food, fellowship with other car crazy people and a beautiful day and no mechanical problems. Great tour!!!!

Mr. Drain Marshall joined me in attending the So Cal Regional Model A meeting on Saturday, May 11th. This group of area presidents gathers to plan events and link to our National organizations. Plans for the fall events are in works.

Thanks to all for your continuing attendance at dinner Monday nights. Hof's Hut's people are getting used to having thirty plus at one table...come on down. Looks like June is going to be another very busy month...Stay in touch!!!!

Be safe out there!

Monty

Editor's Corner by Dick Wyckoff

A lot of fun this last month. OCs Pancake Breakfast, the Edelbrock 'Rev'ed Up for Kids' Tour, The Muckenthaler Concours. . . . Lots of interesting events. If you missed any of them, you missed a lot. I've tried to capture the event with my camera but there are others that take pictures, too. If you have some good ones, send them to me and I will try and get them in the HarborLight.

Changing the subject a little, we editors are always looking for articles of interest to put in the newsletters. There must be some interesting Model A stories waiting to be told. For instance: How long have you had your car? Was it your first car? Have you driven it on some great journeys? Was it a family car? Did you restore it yourself? Do you have before and after pictures? Did you take a neat picture at a club event? Email them to me, or if you have photos, I can scan them and put them in the newsletter. Either way, let me know.

I have been encouraging new members of the Harbor club to receive the HarborLight by **email**. I am also asking existing members to do the same. Just let me know your current email address. It's that simple. The club saves a little more than one dollar each month per email subscriber. I have an email distribution now of 39 people from the Harbor Club and 34 others. This is more than \$800 per year savings, **AND** it is **color!** You can print it out in B&W or color if you want, enlarge it, send it to your friends, or save it in your computer files. Again, just let me know your email address. If you want a sample email version, let me know also. I will send you one.

The newsletter is distributed to many other clubs locally and to other parts of the country. If you have an item for sale, let me know. I will put it in the 'Wheels and Deals' section. Thanks . . .

We took home The Breakfast Bacon!

Three members of the Harbor As got favorite car in the class awards. **Bobby and Phyllis De-Crescenzo** got the Best 30-31 Closed car trophy with his 30 Tudor Sedan, **Nita and 'Stoney' Stonehocker** got the Best Modified trophy with his newly finished speedster, and **Dick and Jan Wyckoff** won the Best 30-31 Open Car with their 30 Cabriolet. Great Job you all!

Harbor 'Sunshine Status' by Doris Marshall

Several of our members have lost loved ones this month. Our prayers and thoughts are with you in this difficult time.

Jan Wyckoff's brother, Don, passed away at age 93. A WWII vet of N. Africa and Italy.

Drain Marshall's brother, Robert, passed away at age 62.

Jack Gordinier's mother passed away at the young age of 96. A Torrance resident for many years.

Pat Yacklon's nephew also passed away.

Art Wagner's sister passed away late this month also.

Again, our thoughts and prayers are with all of you. May our departed family members rest in peace.

Saturday Morning Coffee Gathering

If you are looking for a little tire-kicking adventure on **Saturday** mornings between 7 and 9AM, check out the Caffeine Cruisers at the corner of Artesia Blvd. and Hawthorne, in Torrance, CA. Several of the Harbor Model A club members and other car enthusiasts of all car types meet to talk cars. There are some very nice autos and some nice people there, too! The address is 17400 Hawthorne Blvd., Torrance CA. Come on by, have a cup of Starbucks, and get your weekend started in true So. California style.

"Cruise at the Beach" Friday afternoon at Ruby's Diner:

Starting Friday, April 5th, Ruby's Diner 245 N. Harbor Drive, in Redondo Beach (by the pier) will host a weekly gathering of fun cars. This event can bring as many as 150 cars of all types. Classics, Concours, hot rods, antiques, sports cars, motorcycles, and Model As. Many Harbor Club members show their cars and enjoy a great meal in the diner. Check it out. Times are about **4PM to 7:30PM every Friday**. There is a nice raffle and trophies are awarded each week. Parking is free to participating cars. This event will continue all summer until October 25th, 2013. See you there.

IT MEASURES YOUR MILES

A speedometer is a device used on motor vehicles to indicate mileage. Most speedometers have attachments which indicate the total number of miles traveled, miles per hour and mileage per trip. This speedometer, which resembles the "A", is operated through the action of a revolving magnet driven by a flexible shaft driven from a gear coupled to the drive shaft. Though not required by law, speedometers are almost a necessary part of the equipment of a motor vehicle, since all communities have speed laws which must be obeyed.

Tours and More Tours

By Elaine Pisu, Tour Director

Since our last newsletter the Harbor A's have been very busy. As always we had a great time at the OC Pancake Breakfast. We came away with 3 car trophies, Bobby and Phyllis DeCrescenzo, Toad and Nita Stonehocker, and Dick and Jan Wyckoff. Congratulations!!

On May 4th, 18 members had a wonderful tour of the Edelbrock facility. We had 6 Model A's and 4 moderns. It was amazing to see what the facility makes right in our own backyard. The following day Don Knott entered his beautiful yellow hot rod in Edelbrock's 'Rev'ed Up 4-Kids' car show. This is a show that you definitely must see next year.

May 19th we joined the Horseless Carriage club in Fullerton. We met just off the freeway and entertained several Asian tourists and their cameras with some great Model T's and lots of Model A's. We traveled together to the Fullerton City Hall for coffee and donuts and then paraded to the Muckenthaler Concourse d'Elegance. We had a great time with 7 Model A's and 2 moderns making the trip. It was a wonderful and relaxing day. Maybe that's because of the \$5 Bloody Mary's, live entertainment and a fabulous display of cars. We had VIP parking, a nice lunch and will definitely try to go again next year.

On Sunday June 23rd we will be headed to the Henry Ford Picnic in Santa Fe Springs being hosted by the Diamond Tread club. Please sign up at our meeting on May 31st. Lunch will be \$10 and I will collect at our meeting. We will be meeting at Harbor Freight at Hawthorne and Artesia at 9:00am, leaving at 9:15.

BE SAFE AND KEEP HAVING FUN WITH THOSE "A's"

Lots to see at the Edelbrock Manufacturing Plant in Torrance CA

Thanks to the efforts of our tour director, Elaine Pisu, we were able to get a tour of the manufacturing facilities of the Edelbrock Corporation in Torrance Ca. This is the same Edelbrock that make the famous racing equipment seen all over the world. They are celebrating 75 years as a producer of outstanding specialized performance equipment for many different automobiles. We got to see the whole process from computer design to finish machining. A great tour for the club.
