HARBORLIGHT

El Segundo Ice Company, 1930

El Segundo CA Ice Company in 1930 and same building today

Tours

On Sunday, October 5th we will attend the Frazier Park Potluck and Meet. We

meet at Harbor Freight, (Hawthorne and Artesia) at 8:15AM and leave at 8:30AM. We make a couple stops along the way. Distance is about 80 miles. Always a fun time. Event is potluck. Bring a dish to share.

Upcoming Business Meeting

The **September** meeting will be at the WALTERIA Clubhouse at 7:30pm on **Friday, September 26th**. We will continue our table-top swap meet. Lots of fun items have been bought and sold in the last couple months. Join in the fun! 7PM before the meeting.

October meeting is Friday, **October 24th**. Note change of date! Pot Luck meeting and officer nominations.

Technical Activities

Al's AA truck is pretty much completed. He got it licensed and is all legal now. We are looking for a new project. How about bringing you're A in and having the wheel bearings packed and the brakes inspected?

If you have another project that needs help, let Cliff LeFall know and we will get it going. Everyone learns from these projects. Join us each Saturday at Al's garage.

Next Board Meeting

The **October** board meeting will be on **Tuesday, October 7th** at 7PM. New loc'n to be determined. All are welcome.

Tim's Team Talk
A Note from our President
Tim Harrison

"A" View from the Slow Lane

The Harbor Area Model A Club finishes an active summer and is looking forward to future activities. Friday nights at Ruby's, *Wings and Wheels*, our annual Torrance picnic (with a renewed interest in Hubley races), and table-top swap meets at the meetings were some of the activities we have enjoyed this summer.

Our weekly technical workshops at Al's garage are now in full swing on Saturday mornings. Our September meeting will include a table-top swap meet starting at 6:30 on September 26 at the clubhouse.

October will see many members going to the Frasier Park picnic on Sunday the 5th with a great potluck and raffle. We will also be having our annual October potluck at our meeting on **October 24** at the clubhouse (notice the change in date for the October meeting due to Halloween). Also, we will be taking nominations for next year's officers (Treasurer, Technical Director and Tour Director).

As 2014 comes to a close, we need to think about cleaning out our garages for our yearly white-elephant sale which will take place at the clubhouse on **November 21** (again notice the change in date for our meeting due to Thanksgiving). November is also election of officers.

Tim

International Model A Ford Day

Ten members of the Harbor Club attended the Orange County Model A Day picnic in Irvine on Saturday, September 13th. The group included **Drain and Doris Marshall, Steve and Becky Preston, Greg and Fran Earhart, Richard and Jeanne Parrish, Art Wagner, and Dick Wyckoff.**

The 40 mile drive from South Bay was warm, but we had no problems. Altogether there were 37 Model As and over 100 people from several southland clubs present. The food was prepared by a catering truck and the hamburgers were really good. There was a technical display and seminar by Kenny Lee from Whittier on Model A carburetors and calibrating jets. Very informative. A good time was had by all and we all survived the 80 something degree heat due to a pleasant breeze in the park.

Ken Lee's carb seminar display

Thank You,
Orange County,
for hosting this
event.

Editor's Corner

by Dick Wyckoff

Thanks to the Orange County MAC for sponsoring the International Model A Day picnic in Irvine. I counted 37 Model As from several clubs and there were over 100 people in attendance. Harbor had 10 people and three As.

Jan and I just got back from Iowa and South Dakota visiting Jan's family and doing a little genealogy on Jan's family. We visited the home in Cherokee IA where Jan was born. Also, we got a chance to visit the Black Hills and Mt. Rushmore. Fun trip.

Oh, don't forget Mondays, 5pm at Hof's Hut, 237th and Crenshaw in Torrance. Can't forget the food!

Changing the subject a little, we editors are always looking for articles of interest to put in the newsletters. There must be some interesting Model A stories waiting to be told. For instance: How long have you had your car? Was it your first car? Have you driven it on some great journeys? Was it a family car? Did you restore it yourself? Do you have before and after pictures? Did you take a neat picture at a club event? Email them to me, or if you have photos, I can scan them and put them in the newsletter. Either way, let me know.

I have been encouraging new members of the Harbor club to receive the HarborLight by **email**. I am also asking existing members to do the same. Just let me know your current email address. It's that simple. The club saves a little more than one dollar each month per email subscriber. I have an email distribution now of 45 people from the Harbor Club and 34 others. This is more than \$800 per year savings, **AND** it is in **color**! You can print it out in B&W or color if you want, enlarge it, send it to your friends, or save it in your computer files. Again, just let me know your email address. If you want a sample email version, let me know also. I will send you one.

The newsletter is distributed to many other clubs locally and to other parts of the country. If you have an item for sale, let me know. I will put it in the '**Wheels and Deals**' section. Thanks . . .

"Cruise at the Beach" Friday afternoon at Ruby's Diner:

All summer long, **Ruby's Diner** 245 N. Harbor Drive, in Redondo Beach (by the pier) will host a weekly gathering of fun cars. This event can bring as many as 150 cars of all types. Classics, Concours, hot rods, antiques, sports cars, motorcycles, and Model As. Many Harbor Club members show their cars and enjoy a great meal in the diner. Check it out. Times are about **4PM to 7:00PM every Friday**. There is a nice raffle and trophies are awarded each week.

Parking is free to participating cars.

This event will continue all summer until about October 31st, 2014
Hope to see you there.

Saturday Morning Coffee Gathering

If you are looking for a little tire-kicking adventure on **Saturday** mornings between 7 and 9AM, check out the Caffeine Cruisers at the corner of Artesia Blvd. and Hawthorne, in Torrance, CA. Several of the Harbor Model A club members and other car enthusiasts of all car types meet to talk cars. There are some very nice autos and some nice people there, too!

The address is 17400 Hawthorne Blvd., Torrance CA. Come on by, have a cup of Starbucks, and get your weekend started in true So. California style.

Monday Supper at Hof's Hut

We have been meeting for dinner on Monday at Hof's Hut on 237th and Crenshaw for a while now. The food is good and Norma takes good care of us. Come on by and join in the festivities. Time: about 5PM.

2014 Membership, Roster and Club Items: by Ursula Schmidt & Jan Wyckoff

The **Harbor phonebooks/rosters** are available at all get-togethers. The first booklet is free to members. Additional copies are \$1.50 They are also available free of charge through e-mail. Club members that don't attend events can request a phonebook/roster by mail. Contact **Ursi Schmidt** at 310-539-5391.

Just a note: We regularly update the roster. If you have any address changes, phone number changes or email changes, let Ursi know. Let Dick Wyckoff know, too. He'll put the info in the HarborLight.

Jan Wyckoff got in a new shipment of Harbor polo shirts. She has blue, grey and some new white shirts available for sale at \$20 each. Hopefully she has your size as they are going fast! Those of you that ordered one in advance, she has them ready for pickup. Be sure and wear them to the club's events.

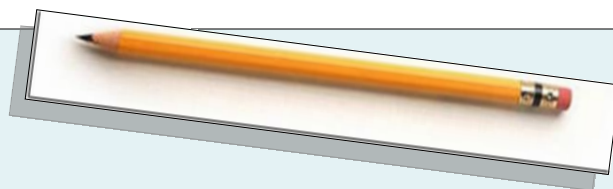

Maybe a vest might be something we might be interested in?

Harbor 'Sunshine Status' by Doris Marshall

Jan Wyckoff - Jan had an Atrial fibulation incident recently and the good doctors at Torrance Memorial did a cardioversion where they 'zap' the heart to bring it back into rhythm. All is fine now.

Business Meeting Minutes

Date: August 29, 2014 **Location:** Walteria Park

President: Tim Harrison called meeting to order at 7:30 p.m.

Salute to the flag: Led by Jim Huizdos

Recognition of Past Presidents: Dick Wyckoff, Monty Bates, Doris and Drain Marshall

Minutes of Previous Meeting: Jim Speights moved that the minutes in the August edition of the HarborLight be approved as printed; the motion was seconded by Dick Wyckoff.

Vice-President: Monty Bates thanked everyone for participating in the 'opportunity drawing'. He also expressed his gratitude to all that contributed items to this evening's drawing.

Treasurer: Daffy Wagner says all bills are current and we are in good shape.

Clock Prize: The \$5.00 prize was won by Jan Wyckoff.

HarborLight Editor: Dick Wyckoff. Wanted to remind everyone of the International Model A Ford Day in Orange County in September. Please send interesting stories, items to sell or to buy to him and he will publish in the next edition of the HarborLight. At present it is distributed to 20 other club editors.

Historian & Webmaster: Sue Hankins was not present. Nothing new to report

Membership Drawing: Women's Prize - Noralene Porper. Men's Prize - Wilber Richardson. Neither was present. The Women's Membership prize will increase to \$10.00; Men's will increase to \$35.00 next month.

Membership: Ursi Schmidt was not present

Technical & Safety: Cliff LeFall. There will not be a meeting at Al's garage this Saturday August 30th. The next Saturday technical meeting will be on September 6th. Please call Cliff to schedule any specific seminar that address a special need you may have. Greg Earhart had a few words for us. He shared a tip on how to prevent a stuck starter. He also told us how to check to see if you have the right spokes for a 19" wheel. An additional tip was using a simple water sprinkler and simple green cleaning solution. Please contact Greg for the exact procedures.

Sergeant at Arms (badge money): Jim Huizdos collected \$2.30 from members who did not have their badges.

Sunshine: Doris Marshall. Rhoda Larquier keeps busy at home. Their two sons have joined Harbor.

Advertising: Amy Knott was not present. Monty Bates told everyone that our advertiser - Loyola Upholstery just upholstered his Toyota Truck. He did a very nice job and was very reasonably priced. Dick Wyckoff wanted everyone to know that they are a certified LeBaron-Bonney installer and did the top on his Cabriolet.

Merchandising: Jan Wyckoff has received a new shipment of shirts. We have Men's and Women's polo shirts with our logo in grey, blue and white. They are available to purchase at the back table. ♦ Jim Huizdos has been researching options for our club to have a vest; He has two samples of vests that would cost \$70.00 each. Jim asked for a show of hands if you would be interested in purchase one of these vests, if the club made them available. Only two people raised their hands. He asked if they were \$30.00 each who would be interested. Almost all hands were raised for the lower price. There is an interest in vests, if they can be purchased for a lower price.

Tools Coordinator: Bobby De Crescenzo s thanked very one for the great attendance and Hubley track racing participation. It made it fun for everyone. He has a contact in San Diego who sells Hubley parts and full kits. If anyone is interested, let's put a group order together and save on the shipping. There are official rules for the Hubley races, and Bobby has a copy if you would like one. He would also like to propose we have a "Funny Modified Division" race at our next gathering when we race our Hubleys. MAFCA has a set of laminated cards with labeled diagrams of the Model A car. The cost is \$20.00. It is money well spent. The diagrams have helped him when he has been working on his car. Bobby has made a custom tool to use when working on your shock absorber links. Please see him if you need to use this new tool.

September Birthdays & Anniversaries: Tim Harrison announced the following:

Birthdays - 1st Rhoda Larquier, 6th Darlene Funk & Jim Beardsley, 8th Bob Olsen, 11th Ursula Schmidt, 14th Cliff LeFall, 17th Art Wagner, and 20th Vince Migliazzo.

Anniversaries - 1st Bill & Dot Knott, 2nd Bob & Laura Pahls, 5th Carla & Walt Hibbard, 6th Steve & Becky Preston, 15th Mike & Teri Larquier, 17th Gwen & Dick Valot and 23rd Acela & Conrad Garcia.

Tours: Elaine Pisu asked if there is someone who could lead the tour on September 13th. She is not available on that date. We will have a progressive tour coming up - more information to follow. Please see Elaine if you would be interested in hosting one of the meals that day. Sunday - October 5th Frazier Park Picnic sponsored by Bakersfield MAFC. Drain Marshall announced that he spoke with: Dean Berto of the *Questa Crankers* in Santa Maria. They are having their 50 year anniversary on October 10th or 11th. Everyone is welcome to attend. The goal is to have 100 cars at the celebration. The cost is \$5.00 per car. More information to follow.

Old Business:

We have new business cards. Jim Huizdos did a great job getting these designed and ordered for us. Please take four (4) or five (5), keep them in your wallet and give them to people that express an interest in Model A's and/or our club. You can write on these, but it is easier if you use a sharpie marker.

New Business:

No new business

Refreshments hosted by: Monty and Donnis Bates

Next General/Business Meeting: September 26th

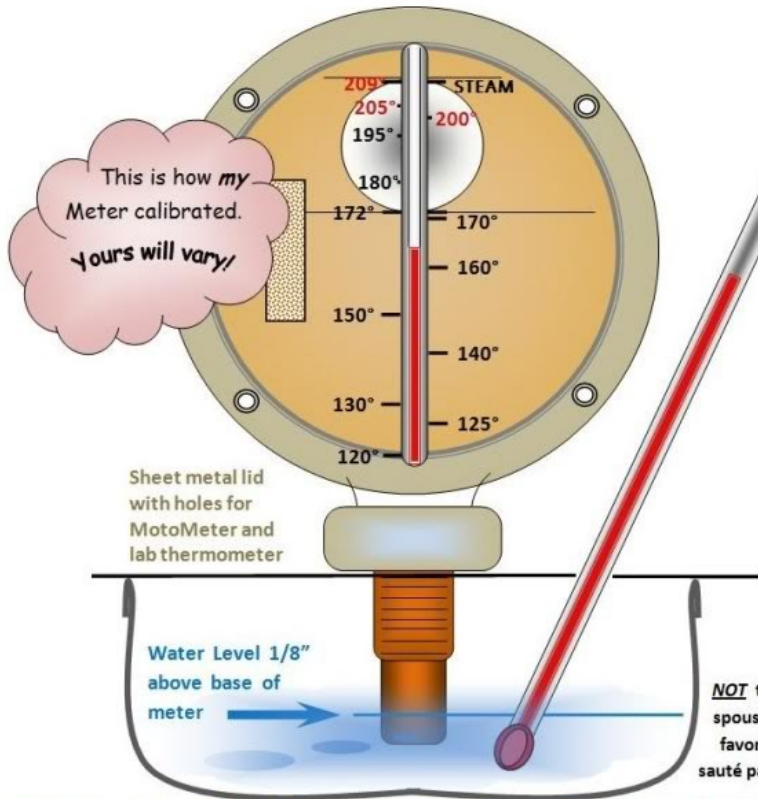

Next Board Meeting: August 9th

Meeting adjourned at: Dick Wyckoff moved to adjourn the meeting, Bobby De Crescenzo seconded. We adjourned at 8:56p.m. for refreshments

Respectfully submitted; Donnis Bates, Secretary

Technical Talk

MOTOMETER MISBEHAVIN'? ~ AN EXERCISE IN FUTILITY-MAYBE !

Heat to a medium boil and wait for both thermometers to reach their highest point. Turn off the heat and calibrate your MotoMeter in relation to the known thermometer as they slowly cool. You cannot easily calibrate the MotoMeter to the thermometer during the temperature rise when heating the water because the mass and thermal transfer rate differences will cause a lag in the MotoMeter response.

Does your MotoMeter only work part-time?

Sad thing about MotoMeters. For many Model A's once the radiator "burps" and finds its own running water level the meter either reads nothing or inaccurately low because the water is below the sensor. Then when the water gets to a boil while you are going one mph in a parade, the water level rises in the radiator and the red line shoots sky high! Oops! Too late. Oh, well. It looks nice when parked.

The Fix. Original radiators will usually run with the water level high enough to constantly operate the MotoMeter, but most replacements will not. A durable 2" long wick made by tightly wrapping three or four layers of canvas or heavy fabric and brass screen around the threaded base, secured to the base threads with a small 1/4 wide stainless steel hose clamp *may* help make your MotoMeter work. You *must* include the brass screen in and around the wick wrappings to keep the fabric from slowly disintegrating into your radiator! Wrap a spiral of brass or S.S. wire like a spring around the length of the wick to keep it together. You will probably also need to extend the internal radiator overflow tube upwards, to a point about 1/4" from the top of the neck. A piece of tight fitting rubber fuel hose pushed down onto the existing overflow tube should work. The extension hose must be a snug press onto the tube or the overflow will constantly drip. If you have a twist and flip cap it will all be a tight fit! Check your cap gasket, too.

Once you get that MotoMeter behaving, it may be nice to know what the temperature actually is. Make a drawing of the face of your MotoMeter and pick some easy reference points like I did in the illustration. Then calibrate it. If yours needs a wick to work, calibrate it with the wick attached, adjusting the water level in your setup to approximate the water level in your radiator. Without a wick the sensor should be at least 1/8" in the water.

Mike Keating

On the later side cover (top), the oil return tube is attached lower on the side to reduce the level of oil in the valve chamber

Touring with Elaine
By Elaine Pisu, Tour Director

It's Time to Drive!

Hi Model A'ers... Hard to believe we are in the planning stages for the end of the year already. Mirco and I had a fantastic time in Sardinia Italy, 4 weeks for me and 7 1/2 for Mirco. Just after I headed home Mirco decided to slip as he was getting off of the scaffolding at our house and cracked a rib. Thank goodness he is now home and moving carefully.

Here is the info on our next two upcoming events:

The first one is on **October 5th** the Frazier Park pot luck run hosted by the Bakersfield A's. We will meet at Harbor Freight at **8:15AM and leave at 8:30AM**. We are planning a breakfast stop at McDonalds on the way up. Please bring something to share for lunch.

On **November 9th** we are planning on feeding the firemen in San Pedro at Station 112. This is a pot luck and we need you to be generous in what you bring for lunch. Last year we had 40 people to serve. Plan on meeting at the Club house at **10:15AM** and we will be **leaving at 10:30**.

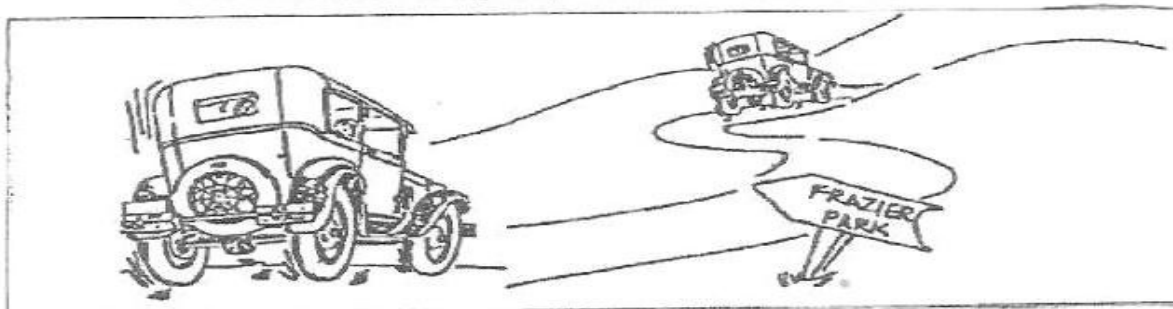

On **October 11**, the Santa Maria A's are hosting a combined event for the Cuesta Crankers 50th anniversary party. They are trying to get 100 Model A's. Tri-tip lunch for \$5 Saturday from 10 Am to 3Pm. Location: John Humann residence, 1376 E. Clark Ave, Orcutt, CA. Some of us are planning on going so let's chat and maybe we can caravan.

I am trying to plan a progressive but I need some volunteers to host. Please let me know if you are able to help host either breakfast, lunch or dessert.

Elaine

22nd Annual Frazier Park Potluck and Meet

Sponsored by:
Bakersfield Chapter, Model A Ford Club of America

Sunday, October 5, 2014

Location: Frazier Park Recreation Building
3800 Park Drive
Frazier Park, CA 93225

Time: 10:30 A.M. to 3 P.M. - Potluck around noon

Guests bring something for the potluck dinner. Service, bread, and something to drink will be provided.

No trophies awarded, but prizes for events such as dirtiest engine and best sounding horn will be provided.

Bring your Hubley for the race.

Each Bakersfield family is to bring a raffle prize. If guests would like to donate a raffle prize it would be appreciated.

We look forward to seeing you there.

Wheels & Deals:

For Sale: I have a dozen total 19" and 21" rims. Ask \$20 each or \$60 for 4.

I have all internal and external engine parts. They are used. Rods, pistons, cams, cranks, blocks, heads, etc. The prices will vary, but cheap. Many other parts. What do you need?
Contact Dan Fitzgerald 310-373-8060. Palos Verdes CA

Wanted:

- **Used Christmas and greeting cards.** (Complete cards please). We will recycle them.
Ursi (310) 539-5391 and Doris (310) 378-5061.

Ford Form 3027

NEW CAR DIRECTIONS

SPEED Avoid high speeds while the car is new. To obtain best results, IT SHOULD NOT BE DRIVEN FASTER THAN 30 TO 35 MILES PER HOUR FOR THE FIRST 500 MILES.

OIL Keep the oil at "F" on the measuring rod, especially during the first few hundred miles. Never let it get below the mark "L." Remove measuring rod and wipe with a dry cloth before testing the level. OIL SHOULD BE CHANGED AFTER THE FIRST 500 MILES AND EVERY 500 MILES THEREAFTER.

BRAKES This car is equipped with 4-wheel mechanical brakes which are quick and positive in action. Keep the car under control at all times to avoid the necessity for sudden application of brakes which might result in discomfort to passengers or collision from rear.

FAN BELT Do not tighten fan belt. The V-type fan belt does not require tight adjustment for proper operation. Too tight an adjustment will result in excessive wear on fan belt and generator bearings, particularly at higher speeds.

TIRES For easy riding, qualities, proper braking and long life keep the tires, both front and rear, inflated to 35 pounds.

INSPECTION To insure best results have an Authorized FORD DEALER (preferably the Dealer from whom you purchased your car) inspect this car and make necessary minor adjustments after the first five hundred miles of running.

DRIVE SAFELY

New car instructions

204 RIVISTA MENSILE DEL T. C. I. — LE VIE D'ITALIA

NUOVA FORD - Guida interna a 4 porte
franco Trieste abbinata con 5 ruote gommate Delfino L. 24.500,-

40 qualità di acciaio sono impiegate nella nuova Ford

La nuova Ford è una vettura eccezionalmente forte e resistente grazie alla qualità superiore dei materiali coi quali è costruita e, particolarmente, all'impiego di acciai speciali.

Fin dal 1905 la Compagnia Ford, dopo lo studio e l'impiego sperimentale di nuove leghe, venne nella decisione di usare determinati tipi di acciaio per le diverse parti delle vetture, e la nuova Ford è la più alta espressione di questo principio.

In oltre 23 anni, la Ford è pervenuta attraverso la proprietà delle miniere e l'impiego di macchine originali - a produrre l'acciaio a un costo assai basso, in ragione della produzione che supera ora le 420.000 tonnellate all'anno. Oggi, più di 40 diverse qualità di acciaio concorrono alla fabbricazione della nuova Ford, e ciascuna di esse è particolarmente studiata per l'uso al quale è destinata.

Un così largo impiego di eccellente acciaio fucinato, spiega la straordinaria resistenza della nuova Ford, in relazione al suo peso limitato, e garantisce un servizio continuo e perfetto per migliaia e migliaia di chilometri.

La nuova Ford, più che un nuovo modello, è l'espressione di una concezione assolutamente nuova dei moderni trasporti rapidi ed economici.

The Harbor Area A's meet monthly on the last Friday of every month at the Walteria Park Clubhouse, located at 3855 W. 1242nd St. in Torrance, California. Meetings begin at 7:30 PM (The park is located about 1-1/2 blocks west of Hawthorne Blvd. and one block south of Pacific Coast Hwy.) We'd like to invite all interested parties, even if they don't own a Model A Ford, to come and join us. Our goal is to educate the public about Model A Fords and have fun while doing it.
