## Monty's Team Talk A Note from our President Monty Bates

### "A" View from the Running Board

An observation of sorts...it seems to me that several members of our great club are in the midst of re-modeling all or parts of our homes. We all get the numerous unwelcomed calls from "contractors" trying to get us solar panels, new windows & doors or an entire make over for our homes...all they really want is our hard earned dollars and a chance to temporarily destroy our homes. Your President and Mrs. Bates are about thirty percent into such a project...pray for us, please!

Let me tell you about the joys of home ownership. Plaster dust finds it way into ever nook & cranny including your lungs. Our adventure resulted in an unplanned outdoor sleeping party. Mrs. Bates had severe asthma as a child and remains very sensitive. The interior of our home was covered in plaster dust and despite our best efforts it floated in the air. At midnight she told me she couldn't breathe so we went outside and slept on our patio. She got the antique slider and I got the hammock. We managed to get maybe four hours of sleep. The dust didn't seem to bother Wilson, the Wonder Dog, he slept indoors and would come out periodically to check on us. We are hoping to have our house back by mid October..."hoping" is the key word!!!

The month of September will go out with a bang as we prepare for our annual "White Elephant" sale and the following day, October 1st is our Yard Sale at 2314 180th Place, in Torrance CA hosted by Jim & Ruxella. Elaine & Jim have plans for us as we enjoy the cooler weather. Thanks to everyone again for coming to Hoff's Hut each Monday night. We had a fantastic time at our annual picnic, our fund raising dinners turned out great & we made money for next year's banquet. Our club continues to grow with new adventures waiting for all of us Model A folks!

Be safe out there!!!! Watch out for those old drivers in old cars . . .

Oh, one other thing. . . Nominations for officers for 2017 are in October. Up for election are Treasurer (2 years), Technical Director (1 year) and Tour Director (1 year). Give some thought to being a club officer.

Monty

**Richard Parrish** had a cochlear implant to improve his hearing. Don't have an update yet, but looking forward to results of the operation. See you soon, Rich!

**Jan Wyckoff** is still trying to get her atrial fibrillation (irregular heartbeat) under control. She is discussing with the doctor what the next steps are going to be. Ask her about her last photo shoot! Take it slow and easy, Jan!

### Editor's Corner By Dick Wyckoff

This time of the year is full of car shows and swap meets. I know our Cabriolet is getting a workout. It has been shown at several shows and always draws a lot of interest.

It happened again. . . I was asked if I was the original owner! I smile and say no. (I'm not anywhere near 105!) We are getting ready to take 'Tootsie' to the Bakersfield club's annual picnic in Frazier Park. A little 85 mile trip each way. Sure love the Mitchell overdrive. I highly recommend one if you drive any distances.

Separate subject. . . Jan and I are driving (our modern) to a Sweet Adeline International Convention in Las Vegas mid October. Jan is a Past International Champion (Queen of Harmony) and with that, the organization gives special recognition to it's past winners. We'll be gone about five days.

The two club fundraisers organized by Donnis Bates were fun events. I'm guessing we raised a couple hundred dollars for the kitty. Next year in August is Harbor's 60th anniversary with MARC. We're starting the planning now. See Monty Bates if you would like to help.

### A little behind the scenes info and requests from the editor

We editors are always looking for articles of interest to put in the newsletters. **There must be some interesting Model A stories waiting to be told.** For instance: How long have you had your car? Was it your first car? Have you driven it on some great journeys? Was it a family car? Did you restore it yourself? Do you have before and after pictures? Did you take a neat picture at a club event? Email them to me, or if you have photos, I can scan them and put them in the newsletter. Either way, let me know.

I have been encouraging new members of the Harbor club to receive the HarborLight by **email**. I am also asking existing members to do the same. Just let me know your current email address. It's that simple. The club saves about \$1.25 each month per email subscriber. I still have 38 snail mail subscribers with an email distribution now of 54 people from the Harbor Club and 34 others. This is more than \$850 per year savings, **AND** it is in **color**! You can print it out in B&W or color if you want, enlarge it, send it to your friends, or save it in your computer files. Again, just let me know your email address.

**If you want a sample email version, let me know also. I will send you one.**

The newsletter is distributed to many other clubs locally and to other parts of the country. If you have an **item for sale**, let me know. I will put it in the '**Wheels and Deals**' section. Thanks . . .

### "Cruise at the Beach" Friday afternoon at Ruby's Diner

All summer long, **Ruby's Diner** 245 N. Harbor Drive, in Redondo Beach (by the pier) will host a weekly gathering of fun cars. This event can bring as many as 150 cars of all types. Classics, Concours, hot rods, antiques, sports cars, motorcycles, and Model As. Many Harbor Club members show their cars and enjoy a great meal in the diner. Check it out. Times are about **4 to 7:00 PM every Friday**. There is a nice drawing and trophies are awarded each week.

Parking is free to participating cars.

This event will continue all summer until October 28th, 2016

Hope to see you there.

### Monday Supper at Hof's Hut

We have been meeting for dinner on Monday at Hof's Hut on 237th and Crenshaw for a while now. The food is good and the staff takes good care of us. Come on by and join in the festivities. Time: about 5PM.

### Saturday Morning Coffee Gathering

If you are looking for a little tire-kicking adventure on **Saturday** mornings between 7 and 9AM, check out the Caffeine Cruisers at the corner of Artesia Blvd. and Hawthorne, in Torrance, CA. Several of the Harbor Model A club members and other car enthusiasts of all car types meet to talk cars. There are some very nice autos and some nice people there, too! The address is 17400 Hawthorne Blvd., Torrance CA. Come on by, have a cup of Starbucks, and get your weekend started in true So. California style.

# Tie Rod Installation

By Tom Endy, Westminster, California

For many years, I believed the only way you could install or remove a Model A tie rod was by first removing the front backing plates. This is to allow access to the large screwdriver slot retainers in each end of the tie rod that have to be removed before the tie rod can be lifted off the spindle arm balls. However I recently learned from Bryan Thompson, a friend and fellow Model A hobbyist, that the tie rod can be installed and removed with the front backing plates in place. I didn't think it was possible, but it certainly can be done.

## Installation:

With both front backing plates already installed, remove the spindle arm ball attachment assemblies from each end of the tie rod. One assembly is a right hand thread; the other end is a left hand thread. The right hand thread is the norm (clockwise). The left hand thread is opposite (counter-clockwise) and is used for special applications.

Rotate both backing plate/spindle assemblies until they face outboard at the rear. This will provide easy access to the spindle arm balls. Install the left hand threaded assembly onto the right spindle arm ball. Install the right hand threaded assembly onto left spindle arm ball. This will orient both end assemblies with the grease fittings facing aft\*.

*\*Note: A change was made in late 1930 reversing the orientation of the grease fittings from forward facing to aft facing and changing them from a screw in type to a press in type.*

Take the left hand threaded end of the tie rod and screw it about two turns into the assembly end attached to the right spindle arm. Rotate the two backing plate/spindle arm assemblies until the tie rod lines up with the tie rod assembly on the left side. Rotating the backing plates on the king pins and rotating the tie rod ends on the spindle balls easily does this. Thread the left end of the tie rod, which has right hand threads, into the left tie rod assembly. Grasp the tie rod in the center and rotate the tie rod in a right hand thread manner.

When this is done, both ends of the tie rods will screw into their respective ends and at the same time pull the backing plate/spindle arm assemblies into the forward facing position.

Screw both slot headed retainers into each assembly until they are flush, and install the long cotter pins.

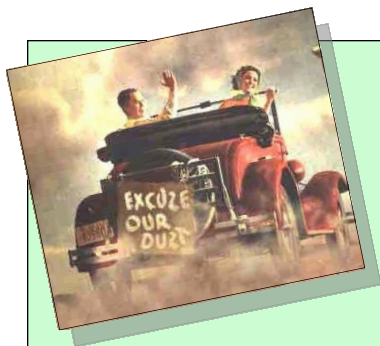

The right side (with the single spindle ball) has a left hand thread in both the tie rod and the tie rod end assembly. When installed, the grease fitting will face aft.

The left side (with the double ball spindle) has a right hand thread in both the tie rod and the tie rod end assembly. When installed the grease fitting will face aft.

## Removal:

For removal, reverse the procedure after first unscrewing the retainer bolt and nut that locks the adjustment at each end of the tie rod.

## **Touring with Elaine**

By Elaine Pisu, Tour Director

**Seems we have had a BUSY summer  
and are ready for FALL.**

I am so thrilled that we had a good group to support the 9<sup>th</sup> Annual Wounded Warrior Car Show in Redondo Beach. I was in Italy and unable to attend but I was told it was a great event and we can all agree that it was a GREAT CAUSE! Apparently Daffy was the big winner in the raffle, have to ask her what she won. Attendees include Monty & Donnis Bates, Jim Huizdos, Cliff Lefall and his grandson, Dennis Simpson, Weeg & Steve Thompson and Art & Daffy Wagner.

**Sunday, October 2<sup>nd</sup>** is the annual Frazier Park pot luck meet hosted by Bakersfield MARC. This is a fun pot luck with lots of prizes. Meet at Harbor Freight at **8:15 and leave at 8:30**. We usually stop for breakfast on the way. I am not able to attend this one so if you are willing to lead please let me know.

**Saturday, October 15<sup>th</sup>** we are headed to Vista CA to visit the Antique Engine & Tractor Show. There is also an Antique Gas & Steam engine museum. Art Wagner chose a breakfast stop that we will stop at on the way. Meet at Harbor Freight at **8:00 leave at 8:30**. I suspect that this will be a mostly modern car event but sounds like a fun day!!

I have not had any volunteers for the progressive/poker run as of yet so if you would like to host you can choose the date in November. Please let me know.

Just a reminder: ***Wear your Harbor shirts and jackets to these events!***

That's all for now. When some new fun events develop, we'll post them right here!

Ciao for now,

**Mama Pisu**

The Harbor Area A's meet monthly on the last Friday of every month at the Walteria Park Clubhouse, located at 3855 W. 1242nd St. in Torrance, California. Meetings begin at 7:30 PM (The park is located about 1-1/2 blocks west of Hawthorne Blvd. and one block south of Pacific Coast Hwy.) We'd like to invite all interested parties, even if they don't own a Model A Ford, to come and join us. Our goal is to educate the public about Model A Fords and have fun while doing it.
