**A View From the Slow Lane**

Just looking back on another memorable weekend in Solvang. This year's "Drive and Dine" had good company, good food and lots of activities for everyone. Over 30 Model A members enjoyed moderate weather and tours of wild flowers, antique shops, new culinary delights, free gambling at

the local Indian casino, and the spectacular play on a new take on the drama "As the World Turns."

Our Saturday tour to Lompoc also included the annual fly-in of piper cubs with family oriented flying skills and education.

This is always an event that members look forward to and enjoy sharing stories and time together. Don't forget next year's "Drive and Dine" will July 12-14.

**July 2018**

As you can imagine, by now, arrangements are set for this year's Model A Day at The Gilmore (Saturday, September 15th). This year we are pleased to announce six Model A seminars as part of the events planned. Much work has been involved in preparing material from our fellow Model A hobbyists. Three of the seminars are focused on more technical aspects, including Model A Glass, Model A Wood and Model A Front End Alignment. We also have seminars that address other areas of interest including Shopping online for Era Fashions, Preparing Your Model A for Touring and tips and ideas regarding Buying and Selling a Model A.

Model A Day at our Model A Ford Museum at The Gilmore offers many opportunities to see a variety of unique and award winning Model A's and to learn more about the Model A through interaction with other hobbyists and through planned and organized seminars. We hope you will join by attending Model A Day on the Gilmore Museum grounds located in Hickory Corners, Michigan.

Sincerely,  
John Begg, President

### Editor's Corner By Dick Wyckoff

Wow! Has this been a busy Model A summer! To start the month off, I drove (the modern) on Saturday to Reno for the MAFCA National Meet. The 10 hour trip from LA to Reno along scenic 395 highway is always interesting. When I got there, lots of As were checking in the hotel from all over the country. I heard there were about 535 registrations.

As always, I got to renew Model A friendships and make new ones. I took in the swap meets, several seminars and food events (of course) and a boat trip on Lake Tahoe with Jack and Joan Gordinier. I had to leave early Wednesday due to commitments at home, but still enjoyed the event.

Oh, one other small thing, Fran and Greg Earhart won the grand prize of a Model A engine at the convention raffle. Way to go!

The club's Solvang weekend was great fun. Jan and I drove the Cabriolet and put close to 400 miles on it that weekend. If you So. Cal members need a long weekend get-away, try Solvang. The Harbor Club has been doing this for several years.

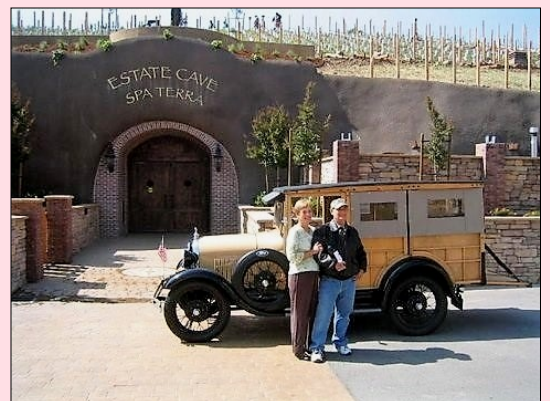

It's swap meet time! Don't know what I need 'till I see it. You know how that is. . .

### Restoring Fuel Level Indicator

After spending over 80 years inside the gas tank of my 1930 standard coupe, the fuel indicator was looking pretty sad. Paint was missing from the numbers and the overall appearance was dingy and tarnished. I decided to see if I could bring it back to life.

Since the numbers are actually stamped into the indicator, lower than the surrounding surface, I figured I might be able to flow some new paint into the recesses, wait until it dried, and try to rub the paint off the top surface, leaving just the numbers painted. It worked like a champ. Here's what I did.

I gathered up a small artist's brush, a tiny cup, and some fuel proof paint. This is the same model airplane paint recommended to repaint your carburetor. After shaking the paint up for at least a full minute, I squirted some into the small cup.

Getting just a bit of paint on the tip of the brush, I let the paint flow into the recesses of the numbers where they had been chipped or eaten away over the years.

Once the paint had thoroughly dried, I looked around for something to rub the surface with. I decided against a cloth as being too floppy and

might actually pull the paint back out of the recesses. I needed something smooth but stiff. A scrap piece of pine, from another project, laying on my work bench caught my eye. A sort of burnishing tool. Perfect!

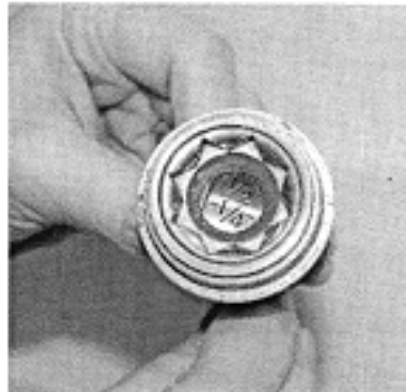

I rubbed it over the now dried paint and it not only took off the unwanted paint around the numbers but it had a sort of polishing effect on the metal as well.

Whatever the surface of the indicator is plated with, it came right back, shiny as new and the numbers looked terrific (the lovely hands belong to my wife. I'm manning the camera.)

This is going to look great, even behind the old, original bezel.

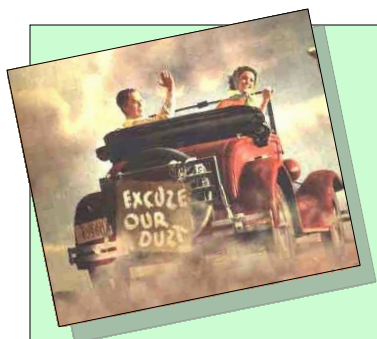

After cleaning and polishing the inner and outer rings as best I could, my gas gauge is

ready to be reinstalled in the fuel tank and give another 80 plus years of service.

## **Touring with Elaine**

By Elaine Pisu, Tour Director

### **If it's August, the Pisu's are heading to Italy**

July has been a VERY BUSY month for the Harbor A's. We made our annual **Drive and Dine** pilgrimage to Solvang. We had 31 participants and what a great time we had. Our group even included 6 members of the Orange County A's. It was great to have such a good turnout. Thanks Weeg for organizing an evening at the Solvang theatre. It's always a fun evening.

On Saturday we toured to Lompoc and enjoyed driving thru the fields in search of flowers. We then went into the center of Lompoc and strolled in a couple of stores, saw some wonderful murals and then headed to Ernie's Grill for lunch. After lunch, the seven Model As headed to the Lompoc Airport and watched the Piper Cub Fly In. We enjoyed watching the pilots fly over a barrel in the middle of a field and drop a bag of flour in an attempt to put the bag in the barrel. No one actually made it, but several were very close. Fun Time!! This year more of us ventured out to the Chumash Casino and found it to be a lot of fun. Some people even won although the winners shall remain nameless!

On Thursday, July 19<sup>th</sup> we participated in the City of Torrance **Rock Around the Block**. A really great car show and community street fair. It's fun to participate in a small town history celebration. We had a hula hoop contest, rock painting and a yo-yo demo to keep us entertained. We had 11 Model A's and 23 members participate in the show. Elaine even got to drive Art Wagner's hot rod, boy was that a blast!!

Then on Sunday, July 22<sup>nd</sup> several members went to the **Wounded Warriors Car Show** in Redondo Beach. What a great event to support. Thanks to Linda and Dennis Simpson for hosting the continental breakfast before the show. We had 9 cars and 19 members participate.

Don't forget September 8<sup>th</sup> is our picnic and September 22 we are headed to the Nethercutt Museum.

See you in six weeks. Mirco and I are visiting family in Italy and will be back in September.
