## Tim's Team Talk A Note from our President Tim Harrison

### A View From the Slow Lane

If a guy were to take a tour of 'Al's Garage' on any given Saturday, there would probably be several members show up also to work on their cars, on Al's cars or just talk "Model A." Long time member, Al Avoian, has graciously allowed us to use his facilities

The physical surroundings consist of:

- A parts cleaning tank
- Assorted tools for minor repairs of Model A's
- Assigned seating for technical seminars
- Beverage table and coffee maker (with fresh coffee)
- Frig with water and soda
- Model A parts bins
- Roll top desk with a set of a dozen or so parts catalogs
- Fully equipped gender-neutral restroom
- The ever needed deep sink
- Storage with Club history
- Various lubricants and solvents
- A car lift
- Welding equipment
- Compressed air

The most important part is the KNOW HOW that always shows up to tackle any job that a member has who needs technical support, brawn, and courage to tackle the unknown.

How lucky we are to have Al and Technical Director Cliff LeFall. Al with all of the garage's physical amenities and Cliff with his mental abilities. A big part of what make Harbor Area Model A Club STRONG.

### Last Notice: Annual Dues are due

Please send in your Harbor MARC membership dues for the year 2019. Make the check out to "Harbor M.A.R.C ." and send it to:

**Ursula Schmidt**  
**26419 Pineknoll Ave.**  
**Harbor City, CA 90710 .**

The annual dues for Harbor Area M.A.R.C. are \$30.

If you would also like to pay the National MARC dues at the same time, add \$45 and make the check out for \$75.

(I will then forward your \$45 to MARC).

If you are getting the Harbor Light Newsletter by regular mail, please add \$10 for postage and printing costs.

Thank you for supporting your Model A Club!!

**Ursula Schmidt**

### Editor's Corner By Dick Wyckoff

This has been a wet winter season here in So Cal. I think the latest figures are 6" above normal in rain and the snow pack in the Sierras is at 130 percent. I haven't gotten much Model A driving time so far this year.

One good thing, I'll bet the wild flowers will be over the top this year. Great tour idea!

Two years ago when Jan and I went to the MAFCA meet in Loveland CO, we added a few extra days to take in the National Parks in Utah. WOW! They are spectacular. We did not have the Model A with us. What a shame. That said, I highly recommend the upcoming MAFCA event in October. To tour the National Parks in a Model A would be a tour of a lifetime! Put the top down and view the geographical history of the area. Hope I can make it. Just have to make sure everything is well at home.

'Al's Garage' had been doing some fun projects. We managed to get three As back on the road. The usual things, electrical, head gasket, water pumps, brakes. If it raining too hard, the donuts and coffee provide the fuel for great discussions!

**Remembering:** Long time member **Rhoda Larquier** passed away peacefully this last month of natural causes. She has been in a care facility for several months. She was 91. Her son Mike is a club member. Mike will keep us informed of any memorial services. Our thoughts and prayers go out to Rhoda's family. RIP. . .

**Passing:** Our thoughts also go out to long time member Andy Soto and his family with passing of Andy's wife of 53 years, **Sandy Soto**. She was 72. They lived in San Pedro and had three children and four grandchildren. Memorial services will be held at Green Hills Memorial Park on February 22nd at 2pm. A celebration of life will follow and will be announced at a later time. Our thoughts and prayers go out to the family.

### Saturday Morning Coffee Gathering

If you are looking for a little tire-kicking adventure on **Saturday** mornings between 7 and 9AM, check out the Caffeine Cruisers at the corner of Artesia Blvd. and Hawthorne, in Torrance, CA. Several of the Harbor Model A club members and other car enthusiasts of all car types meet to talk cars. There are some very nice autos and some nice people there, too!

The address is 17400 Hawthorne Blvd., Torrance CA.

Come on by, have a cup of Starbucks, and get your weekend started in true So. California style.

**Hof's Hut**  
RESTAURANT & BAKERY  
Est. 1992

Just a note to thank our waitresses for the last four or more years at Hof's Hut. Kim and Jennifer have been more than gracious in their service to the Harbor Club every Monday afternoon. Hope to see them again when the restaurant is re-opened after remodeling. Thanks again, gals!

### 2019 Membership, Roster and Club Merchandise Items

Gloria and Jim have a selection of new **Club merchandise**. We have hats, shirts, patches, t-shirts and we still have 60th anniversary items for sale at a discount. More to come.

The **2019 Harbor phonebooks/rosters** will be available soon. The first booklet is free to members. Additional copies are \$1.50. They are also available free of charge through e-mail. Club members that don't attend events can request a phonebook/roster by mail. Contact **Ursi Schmidt** at 310-539-5391. Make sure Ursi has your latest info. **Just a note:** We regularly update the roster. If you have any address changes, phone number changes or email changes, let Ursi know. Let Dick Wyckoff know, too. He'll put the info in the *Harbor Light*.

**Harbor Club member looking for a new Model A project.** In discussing this with the editor, Wayne was not particular about body style or condition. He is a great mechanic and wants to purchase a Model A to work on. Got something? Give Wayne a call. 310-500-9933

### Price Reduced Again!

Long time senior club member downsizing his inventory. Selling recently restored (2015) late '31 **AA Stake Bed truck**. Solid roof, indented firewall. Runs great. 6 New tires. 4-speed trans. Lots of extra parts. 12 volts, LED taillights. Current registration. This is a nice truck!

## HARBOR AREA MODEL 'A' CLUB MEETING

Blue Water Grill, Redondo Beach CA

Saturday, January 28th, 2019

This month's regular club meeting was the annual awards banquet at the Blue Water Grill in Redondo Beach, CA. We held it from 11AM to 4PM.

The weather was perfect and the location was great also. The Blue Water grill is located in the King Harbor area of Redondo Beach overlooking the boat harbor. The club reserved the upstairs banquet room with a great view of the harbor. The food was great as was the service. Thirteen Model As had preferential parking and put on quite a show. Lots of visitors to the harbor enjoyed our cars.

President **Tim Harrison** officiated the event with help from VP **Dennis Simpson**. Tim thanked the Board members for a job well done. Dennis thanked all who contributed to the opportunity drawing. Each board member received a commemorative, handmade plaque for their efforts this last year. Next year promises to be equally exciting. Tour Director **Elaine Pisu** awarded participation certificates and mileage certificates to members for their efforts.

The highlight of the awards went to our man and woman of the year. Last year's Woman of the Year, Weeg Thompson presented this year's award to **Linda Simpson** for her hospitality efforts of club events over the last couple years. Well deserved!

Last years Man of the Year, Tim Harrison, presented this year's award to **Jim Huizdos**. Jim has been a real spark plug in many areas. Advertising, merchandising, tours, and all around participation. He is a real asset to the Harbor Club. Congratulations, Jim. Again, well deserved!

### Clutch Failure

by Tom Endy

Clutch failures in a Model A have become more prevalent in recent years due to the construction style of the clutch disks being marketed by most Model A suppliers. If you recently purchased a clutch disk take notice that the six springs in the center of the hub are not secured very well. Each spring appears to be held in place only by its own spring tension. Quite often a spring will dislodge from its window and jam the clutch.

The six springs are not well secured. They can easily become dislodged.

A Nova clutch disk: Note how each of the six springs are secured by a flange top and bottom. Flanges are installed on the backside as well.

The Nova Company manufactured a good quality clutch disk for the Model A. Each of the six springs in a Nova clutch were held in place on both sides by a flange at the top and bottom of the window.

The Nova Company went out of business a number of years ago and since then clutch disks offered by Model A suppliers do not incorporate retainer flanges to secure the springs in place.

Bratton's Antique Auto has begun marketing a clutch disk similar to the Nova clutch that uses retainer flanges to secure the six springs. As far as I know Bratton's is the only supplier that is marketing this type of Model A clutch disk.

Bratton's 2013 catalog, page 50, part number 11400, \$34.70 each.

The original Model A clutch disk did not incorporate springs at the center of the hub. The addition of springs in a clutch disk was incorporated in later years to reduce the possibility of the clutch chattering.

The original Model A clutch disk did not have springs.

## **Touring with Elaine** By Elaine Pisu, Tour Director

### **OK... It's 2019, so let's GO**

Hope you have all survived the beginning of flu season!! Stay warm, dry and drink!! Plus maybe we should stay away from Monty.

Our banquet was WONDERFUL!! Big thanks to Linda Simpson (Woman of the Year) and Dennis for a GREAT job with the raffle. Tim and Pat Harrison did a great job on choosing the location, the menu and overseeing a wonderful event. It couldn't have been better (except I could have won more prizes). Daffy Wagner and her team as always did a great job on the center pieces. We even had 13 Model A's that got plenty of attention from the passersby. Initially I wasn't thrilled when we switched to a daytime event but NOW I love it. Thanks to ALL that made it happen.

Our Super Bowl party is always a favorite gathering of mine. Filling our home with such fun friends and Monty is why I like my big house. Unfortunately, Monty was under the weather but we managed to have a good time. (Of course it would have been better with him.) Mirco & Elaine Pisu were the winners of the pool. We actually won the 3<sup>rd</sup> & final score so all in all, it was a good day.

**Sunday, March 24<sup>th</sup>** is the **Orange County Pancake Breakfast**. We will meet at Harbor Freight at **6:45 and leave at 7:00**. I will take the freeway in the morning and Tim will lead anyone that would prefer to go on surface streets. The surface streets group will meet at Spires on Sepulveda & Western also **meeting at 6:45 and leaving at 7:00**. Daffy has requested that we go to Katella Deli after the Breakfast so if you are interested in joining us plan to caravan after the breakfast, we will take surface streets.

**Friday, March 29<sup>th</sup>** is **CCRG in Merced**. Harbor A's always has a great turn out for this event so we will try to buddy up at the next meeting and organize some caravans for this trip.

**Sunday, April 14<sup>th</sup>** is the **Fabulous Fords Show** which is going to be held at Angels Stadium this year. Ford has offered to pay \$30 of the \$45 registration fee for Model A's so if you would like to participate please let me know at the meeting and I will give you a registration form.

Our Safety check will be held on **Saturday, April 27<sup>th</sup>** at Linda, Dennis and Joseph Simpson's home. It will be at **10AM** and is a Pot Luck. More details to come.

**Elaine**

### **Other Car Events of Interest for 2019**

**April 27 (Sat)** - Annual **Safety Check** at the Simpson home. More to come.

**May 4 (Sat)** - Edelbrock **Car Show** in Torrance CA. Lots of awesome cars!

**May 19 (Sun)** - Muckenthaler car show. Fullerton. Lots of classic cars! More info later.

**June 9, 2019 (Sun)** - Henry Ford Picnic in Downey. More to come.

**July 20th (Sat)** - Model T **Swap Meet** at Long Beach Vets Stadium

## MAFFI Newsletter Minute February 2019

Please remember that MAFFI has 42 videos including a complete set of the Diablo A's Technical Seminars available for loan to MAFFI members and Model A Clubs that support the Museum with a financial gift. Any one of these videos would make a nice program for your club through the winter months while the weather keeps us inside. You can look over the titles at [maffi.org](http://maffi.org) (programs) or on the back of the MAFFI newsletter, the A Preserver. If interested, please email Janice Barker [jlb72443@aol.com](mailto:jlb72443@aol.com) and she will take care of your request.

Please mark your calendar now for September 21, 2019 for Model A Day! If you can't make it in September, please plan a trip to see the Model A Museum and the entire Gilmore Complex when you are in the area. Remember, that as a member of MAFFI, your admission is FREE! Just show your membership card at the museum entrance.

As always, 'thank you' for supporting MAFFI and the Model A Ford Museum.

### Simplified Drawing of the Model A Electrical Circuit

by Tom Endy

- Note: 1. Positive ground (6-Volts)  
2. Service bulletin is incorporated with ignition power coming from the generator side of the ammeter.  
3. The points are grounded when the key is in the off position to prevent hot-wiring the points.  
4. The horn circuit floats above ground; either side can be connected to power.

Note: Power to the brake light switch is routed through the light bail for no purpose. A suggested modification is to disconnect the power lead from the bail to the brake light switch at the switch and tape it back. Run a new wire from the protected side of the fuse to the brake light switch. In the event of a short circuit in the bail, which is a common electrical fault, the wire from the cut-out to the bail can be disconnected and you can continue to drive during daylight hours and still have brake lights.

### HORN LUBRICATION

Lubricating their horn is one item that some people overlook. There are two felt pads at the armature area of your horn. Put two (2) drops of 3-1 type oil on each felt oiler pad about two times a year and this will help keep your horn working. DO NOT OVER OIL.

The Harbor Area A's meet monthly on the last Friday of every month at the Walteria Park Clubhouse, located at 3855 W. 242nd St. in Torrance, California. Meetings begin at 7:30 PM (The park is located about 1-1/2 blocks west of Hawthorne Blvd. and one block south of Pacific Coast Hwy.) We'd like to invite all interested parties, even if they don't own a Model A Ford, to come and join us. Our goal is to educate the public about Model A Fords and have fun while doing it.
